# Next Level

Find your ideal position when you register with SOARS. You'll receive:

- Direct e-mail notification about all superintendent searches facilitated by NJSBA
- The ability to complete and file a time-saving common application with NJSBA
- An opportunity to choose the searches in which you wish to participate

## **YOUR PRIVACY IS PROTECTED**

NJSBA's SOARS service is strictly confidential. Your name and other personal data will remain confidential until you ask us to release this information.

## **SAVE TIME WITH ONE COMMON APPLICATION**

SOARS offers an efficient and time-saving approach to conducting your career search. Instead of filling out applications every time you apply for a position, you'll complete one common application to use over and over again. It's that simple!

75 percent of all facilitated superintendent searches in New Jersey are conducted by NJSBA.

## HOW THE PROGRAM WORKS

With our SOARS registry, moving to a new position couldn't be easier. Here—in four easy steps—is how SOARS works:

**Step One:** You provide your completed common application to NJSBA

**Step Two:** We send you e-mail notification about all new superintendent searches that are being facilitated by NJSBA

**Step Three:** When you see a position that interests you, you let us know and we'll provide you with a district-specific supplement

**Step Four:** If you wish to apply, you'll be asked to complete the district supplement, which will be attached to your already-completed common application
