

The New Jersey School Boards Association Needs **YOU!**

Do you want to help shape NJSBA's legislative agenda and advocacy action plan? If so, there are several openings on NJSBA's Legislative Committee for board members who wish to volunteer their time to communicate with their state and federal lawmakers about critical issues to New Jersey's school districts.

The committee meets approximately six times a year to review and adopt positions on state legislative proposals affecting boards of education. The committee is also responsible for promoting grassroots advocacy networks on the local, county and state levels. Committee members are an important part of these networks and are often called upon to testify at hearings before the Legislature and the State Board of Education.

NJSBA needs your support more than ever as it tackles tough issues like school funding, property tax reform, district consolidation, and unfunded mandates.

Legislative District	Position Needed	Counties/Municipalities Included in Legislative District
