Repeal S-1701 (P.L. 73 of 2004)

We, the undersigned, believe that:

- S-1701 endangers children's safety by jeopardizing hazardous route busing;
- S-1701 reduces budget surpluses to fiscally irresponsible levels;
- S-1701 diminishes a school community's authority and flexibility to properly manage a school district;
- S-1701 will prevent local school districts from dealing effectively with the annual double-digit increases in fixed costs, such as insurance, utilities and health care over which they have no control;
- The unintended consequences of S-1701 are far-reaching and will result in increased costs and property tax spikes and will ultimately force reductions in instructional staff, programs and facility maintenance.

Therefore, we call on the Governor and the Legislature to repeal S-1701 (P.L.73 of 2004) to protect our children and the quality of public education in New Jersey.
