GOVERNMENTAL RELATIONS

Goals and Objectives

As the lobbying arm of the Association, the Governmental Relations Department's goals and objectives are to:

- A. Review and research all federal and state legislation and administrative code proposals for their relationship to Association interests;
- B. Provide the Board of Directors, Delegate Assembly, School Finance Committee and the Legislative Committee with the information and support needed to establish Association goals and positions on legislative matters;
- C. Interact with the law and rulemaking bodies of the state and federal government toward attainment of Association goals and legislative positions;
- D. Provide information, training and technical assistance to board members on pending legislative issues and to assist them in participating in the legislative process.
- E. Involve Association membership in State and Federal Advocacy activities whenever possible.
