How much time do I have to enter the evaluation?

You may take as much time as you wish to enter the Board Self Evaluation. There is no time limit on entering the information. However, as with most online programs, the server will "time out" if you have left a page open and have not worked on it for approximately 45 minutes. If this happens, simply log out, close your browser. Then go back to the website and the evaluation process page. All previously saved work will remain in the evaluation.

Do I have to complete it all at once?

No, you may leave the evaluation and re-enter it later. When you log back in, it will take you to the last section completed.

When can I begin the evaluation?

You may begin the evaluation at any time.

What if I am a board member or a Superintendent on two boards?

When you log in, the program will indicate which districts you currently serve. Choose the district you wish to enter at that time. After you have completed that one, log out and close your browser. You can then re-enter the evaluation and choose the other district.
