Research on Effective Education

The NJSBA believes that, to promote the achievement of all students, local boards of education should adopt policies that address the curricular, organizational, and managerial factors identified in research on effective teaching and learning, school culture and climate, and other critical areas. *[Authority: DA 12/82-CR Urban Education, BD 11/84-CR Extended School Year, DA 11/95-SR, DA 11/96-SR, DA 5/06-SR, DA 5/11-SR, DA 5/16-SR, DA 5/17-CR (Task Force on Student Achievement)]*

Student Surveys

The NJSBA believes that local board policies on surveys of student behavior and attitude should ensure that the board of education maintains oversight of this research and is the final authority on methodology used in those surveys. *[DA 11/96-SR, BD 9/00, DA 5/01-SR, DA 5/06-SR, DA 5/11-SR, DA 5/16-SR]*

Key Words: research, surveys
