INDEPENDENT AUDITOR'S REPORT

New Jersey School Boards Association 413 West State Street Trenton, New Jersey 08618

Report on the Financial Statements

We have audited the accompanying financial statements of the New Jersey School Boards Association, as of and for the years ended June 30, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the Association's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

SUPLEE, CLOONEY & COMPANY

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Association's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the New Jersey School Boards Association, as of June 30, 2018 and 2017, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules related to accounting and reporting for pensions in Schedules R-1 through R-3 identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

SUPLEE, CLOONEY & COMPANY

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 14, 2018 on our consideration of the New Jersey School Boards Association's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the New Jersey School Boards Association's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF BASIC FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

New Jersey School Boards Association 413 West State Street Trenton, New Jersey 08618

We have audited, in accordance with the auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of New Jersey School Boards Association as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise New Jersey School Boards Association' financial statements, and have issued our report thereon dated September 14, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered New Jersey School Boards Association's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of New Jersey School Boards Association's internal control. Accordingly, we do not express an opinion on the effectiveness of New Jersey School Boards Association's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Association's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

SUPLEE, CLOONEY & COMPANY

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether New Jersey School Boards Association's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Association's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Association's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Suple Clony ; Congy

Management's Discussion and Analysis

In this section of the annual report, management of the New Jersey School Boards Association (the "Association") presents a narrative discussion and analysis of the Association's financial activities for the years ended June 30, 2018 and June 30, 2017. This section of the report should be read in conjunction with the Association's audited financial statements and supplementary information for the years ended June 30, 2018 and 2017. The Association's audited financial statements are presented in conformity with U.S. generally accepted accounting principles.

Audit Assurance

The unmodified opinion of our independent auditors, Suplee Clooney & Company, is included in this report.

Financial Highlights

Total assets and deferred outflow of resources at June 30, 2018 were \$19.5 million, a decrease of \$950 thousand from the prior year's total assets of \$20.4 million. The change was comprised of an increase in cash of \$100 thousand, an increase in accounts receivable of \$37 thousand, and a reduction in property, plant, and equipment and other assets of \$54 thousand, due to depreciation and amortization of these assets of \$446 thousand and additions of \$400 thousand. Additionally, there was a decrease in deferred outflow of resources of \$1 million due to accounting and reporting for pensions. This transaction is explained in Footnote 1, 6, and 7 and later in this discussion. Total liabilities were \$18.9 million in 2018 and \$22.3 million in 2017. An increase of \$75 thousand in current liabilities was mostly due to an increase in the unpaid vacation accrual and an increase in deferred revenue. Net pension liabilities decreased \$3.5 million, as well as an increase in deferred inflow of resources of \$3.3 million, due to favorable market investment assumptions.

Membership dues and programs remained almost constant year to year. Net membership expenditures were \$60,081 over the prior year. Much of this increase was due to our decision to hire an IT consultant to assist staff in the areas of Future Ready Schools and the NJSBA Technology for Education and Careers (TEC) programs we offer to members, as well as the IT investment in the strategic plan.

Overhead expenditures decreased \$779,294 in 2017-2018. Salaries and benefits have decreased by \$90,591. Certain positions were consolidated and other positions remained vacant for extended periods. Pension expense – non-cash portion, decreased to \$828,320 from \$1,475,006 in 2017. The State of New Jersey, Division of Pension and Benefits provide these amounts to us.

The 2018 net Workshop accounts resulted in an overall decrease of 2.5% over the 2017 Workshop. The largest revenue producing items of registration, commercial exhibits, and sponsorships resulted in an increase in Workshop revenues of 1.7%, and costs increased by 8.7% due to the addition of Monday training to the schedule.

Fee-Based Services netted \$300,376 or 26.5% less than the previous year of \$408,678. BoardDocs E-Governance, a successful replacement of the District Manual on the Web product that was previously offered, contributed \$71,045 of the net profit this year. The Manual Writing Services, Superintendent Searches, and Strategic Planning Services delivered lower revenues than the previous year.

Conference receipts and expenditures increased slightly from the previous year.

The iSTEAM and Sustainability area includes \$22,113 from ACESplus, \$7,645 of Solar Renewable Energy Credits, and net profit of \$29,573 resulting from regional STEAM TANK competitions, the NASA trip, and a grant from the National Wildlife Federation for increasing the number of Eco-Schools to 250 by working with administrators, board members, teachers and other school staff.

Miscellaneous Revenue increased by \$35,182. Most of this was due to increased participation in our NJSBA TEC programs.

Investment income increased \$60,878 primarily due to higher interest rates.

Cash and Investments of \$5.6 million was \$74 thousand higher in 2018 than in 2017. Cash provided by operating activities was \$377 thousand in 2018 and \$487 thousand in 2017. Cash flows used in investing activities were \$303 thousand in 2018 versus \$68 thousand in 2017.

Overview of Annual Financial Report

Management's Discussion and Analysis (MD&A) serves as an introduction to, and should be read in conjunction with, the basic audited financial statements and supplementary information. The MD&A represents management's examination and analysis of the Association's financial condition and performance. Summary financial statement data, and key financial and operational indicators used in the Association's budget, were used for this analysis.

The financial statements report information about the Association using full accrual accounting methods as utilized by similar business activities in the private sector. The financial statements include Statements of Net Position; Statements of Revenues, Expenses and Changes in Net Position; Statements of Cash Flows; and notes to the financial statements.

The Statements of Net Position present the financial position of the Association on a full accrual, historical cost basis. These statements present information on all of the Association's assets and liabilities, with the differences reported as net position. Over time, increases and decreases in net position are indicators of whether the financial position of the Association is improving or deteriorating.

While the Statements of Net Position provide information about the nature and amount of resources and obligations at year-end, the Statements of Revenues, Expenses and Changes to Net Position present the results of the business activities over the course of the fiscal year and information as to how the net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

The Statements of Cash Flows present changes in cash and cash equivalents, resulting from operational, financing, and investing activities. These statements present cash receipts and cash disbursement information, without consideration of the earnings event, when an obligation arises, or depreciation of capital assets occurs.

Beginning in 2015, the Government Accounting Standards Board (GASB) Statement 68 required state and local governmental entities to disclose their unfunded pension liabilities. The Association participates in the pension plan sponsored by the State of New Jersey, which has a much-publicized, large unfunded liability. Although the Association is not responsible for making pension payments to employees when they retire, GASB 68 dictates that the pro-rata share represented by Association employees participating in PERS (Public Employee Retirement System) be reported in the audited financial statements to promote better financial clarity. Understandably, the net pension liability of \$17,043,915 and \$20,568,235 – shown within long-term liabilities – is a significant amount at June 30, 2018 and 2017, respectively. Footnotes 1, 6 and 7 explain the pension plan accounting in detail.

The Notes to the Financial Statements provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information about the Association's accounting policies, significant account balances and activities, material risks, obligations, commitments, contingencies and subsequent events, if any.

Summary of Organization and Business

The New Jersey School Boards Association was created by the State of New Jersey *N.J.S.A.* 18A:6-45 in 1914. The Association is a federation of all of the state's boards of education. Each district is required to pay dues annually to the Association. The mission of the Association is to provide training, advocacy and support to advance public education and promote the achievement of all students through effective governance.

The Association's Associate Membership Program for Charter Schools is designed to help charter school trustees and lead persons successfully carry out their responsibilities in policy, governance, finance and negotiations.

Use of Surplus

In November 2017, the Board of Directors approved a transfer from surplus to the Future Ready Technology Replacement Fund for \$500,000 to replace/upgrade elements of the Association's technological infrastructure. To date, the majority of the funds used have been for the replacement of new desktop computers and laptops for staff. \$100,000 of this fund was returned to surplus until/unless it is needed for future purchases. The balance as of June 30, 2018 is \$242,799. Cisco Systems has generously allowed us to use their video-conferencing system and SHI has provided training and support in the implementation of the new technology. Additionally, in May 2017 the Board of Directors approved a transfer of surplus of \$225,000 to the Board Designated Fund for the replacement of the chiller at the Association's headquarters in Trenton. During this fiscal year, \$7,228 was used for new computer switches, \$181,648 for the new chiller, and \$22,153 for a new copier, leaving a balance in the Building Needs Fund of \$54,663. The Strategic Plan Fund had a balance of \$5,747 as of June 30, 2017, which was used, for the new computer switches.

Contacting the Association's Management

If there are any questions concerning the Association's report or if additional information is needed, please contact Dr. Lawrence S. Feinsod, Executive Director; New Jersey School Boards Association, 413 West State Street, Trenton, New Jersey 08618.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The New Jersey School Boards Association (the "Association") was created by the State of New Jersey N.J.S.A. 18A:6-45 in 1914. The Association is a state federation of all district boards of education. Each district is required to annually pay dues to the Association. The mission of the Association is to provide training, advocacy and support to advance public education and promote the achievement of all students through effective governance.

Reporting Entity

The Association's financial statements include all operations and management of the organization. The Board of Directors consists of the officers of the Association and 26 members as follows:

- a. One from each county of the State, who shall be elected by the district boards of education acting through the school boards association of each county;
- b. Three members elected by the members of the Urban Boards Committee, provided that no member elected pursuant to this subsection be a member of a local board on which another member of the Board of Directors already serves;
- c. One member who shall be appointed by the president with the advice and consent of the Board of Directors, and who shall be a member of a county vocational board of education, provided that no member appointed pursuant to this subsection may be a member of a local board on which another member of the Board of Directors already serves;
- d. One member elected by the members of the County Association Leadership, provided that no member elected pursuant to this subsection may be a member of a local board on which another member of the Board of Directors already serves; and
- e. Any board of education member who is elected as an officer or board of directors member of the National School Boards Association, and whose district board of education is in good standing with the Association, shall serve as a non-voting member of the Board of Directors for the duration of his or her NSBA term of office.

Regular members of the Board of Directors other than officers shall be elected or appointed for a term of three years. There is one alternate for each director, selected in the same manner as the director by the same authority, for a three-year term. The officers are elected for a two-year term. Among other duties and authority, the Board of Directors implements the purposes of the Association and exercises general supervision over its affairs, between meetings of the delegates; they adopt the annual budget and approve the annual audit of the Association; and are authorized to transact the business of the Association and enter into contracts on behalf of the Association. There are no additional entities required to be included in the reporting entity, and the Association is not included in any other reporting entity.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting and Financial Reporting for Pensions

The Association implemented Governmental Accounting Standards Board (GASB) 68 in 2015. This Statement amends GASB Statement No. 27. It improves accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local government employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision useful information, supporting assessments of accountability and interperiod equity, and creating additional This Statement replaces the requirement of Statement No. 27, transparency. Accounting for Pension by State and Local Governmental Employers, as well as the requirements of Statement No. 50, Pension Disclosures, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this statement. This statement is effective for periods beginning after June 15, 2014.

The Association has also implemented GASB Statement No. 71, Pension Transition for Contributions made Subsequent to the Measurement Date – an amendment to GASB No. 68. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or non-employer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

Statement No. 68 requires a state or local government employer (or non-employer contributing entity in a special funding situation) to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. If a state or local government employer or non-employer contributing entity contributes to a defined benefit pension plan between the measurement date of the reported net pension liability and the end of the government's reporting period. Statement 68 requires that the government recognize its contribution as a deferred outflow of resources.

In addition, Statement No. 68 requires recognition of deferred outflows of resources and deferred inflows of resources for changes in the net pension liability of a state or local government employer or non-employer contributing entity that arise from other types of events.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting and Financial Reporting for Pensions (Continued)

At transition to Statement No. 68, if it is not practical for an employer or non-employer contributing entity to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, paragraph 137 of Statement No. 68 requires that beginning balances for deferred outflows of resources and deferred inflows of resources not be reported. Consequently, if it is not practical to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, contributions made after the measurement date of the beginning net pension liability could not have been reported as deferred outflows of resources at transition. This could have resulted in a significant understatement of an employer or non-employer contributing entity's beginning net position and expense in the initial period of implementation.

This Statement amends paragraph 137 of Statement No. 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement No.68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts.

Under GAAP, the Association is required to recognize the pension liability in the Statement of Net Position and Notes to the Financial Statements in accordance with GASB No.68. The liability required to be displayed by GASB No. 68 is displayed as a separate line item in the Long-Term Liabilities area of the Statement of Net Position.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Currently, the Association has only one item that qualifies for reporting in this category, deferred amounts related to pensions.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Association has one item that qualifies in this category, deferred amounts related to pensions.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for proprietary funds as prescribed by the GASB. Proprietary fund revenues and expenses are recognized on the accrual basis. Accordingly, revenues are recognized in the accounting period in which they are earned and become measurable. Membership dues collected in the current fiscal year, which are due in the next fiscal year, are recorded as unearned revenue. Expenses are recognized in the period incurred if measurable. Under GASB Statement No. 34, for financial reporting purposes, the Association is considered a special-purpose government entity engaged only in business-type activities.

Concentration of Credit Risk

The Association maintains its cash balances in financial institutions, which are insured by the Federal Deposit Insurance Corporation up to \$250,000 each and the remaining bank balance is covered by the New Jersey Governmental Unit Deposit Protection Act (GUDPA). Our bank, Investors Bank, is certified by the Department of Banking and Insurance for participation in the GUDPA system.

Cash Equivalents

Cash equivalents consist of short-term, highly liquid investments, which are readily convertible into cash within 3 months of purchase. Balances may exceed FDIC limits. The Association believes it is not exposed to any significant credit risks.

Accounts Receivable

Accounts receivable consists of various amounts receivable from member boards of education and corporate partners for conferences, fee-based services, advertising, and other member program services. Accounts deemed uncollectible are directly written off.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Investments are stated at fair value in accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. The Association classifies certificates of deposit, which have original maturity dates of more-than three months but less than twelve months from the date of purchase, as investments and are stated at cost. All other investments are stated at fair value. Authorized investments include the following:

- a. Certificates of Deposit or other interest-bearing deposits of New Jersey financial institutions, which are certified as Public Depositories for accepting public funds by the State Commissioner of Banking, according to the provisions of the GUDPA. There is no dollar limitation on funds placed in GUDPA depositories.
- b. Money market funds of authorized financial institutions (GUDPA depositories).
- c. The State of New Jersey Cash Management Fund.
- d. Obligations of the U.S. Government or obligations guaranteed by the U.S. Government.

Deferred Pension Cost

The deferred pension cost was amortized on a straight-line method over the 15-year remaining life of the agreement with the State of New Jersey. At June 30, 2018, the deferred pension cost was fully amortized. Amortization expense amounted to \$36,949 and \$44,333 for the fiscal years ended June 30, 2018 and 2017.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

Property and equipment are stated at cost. Depreciation is computed using the straightline method based on the estimated useful lives of the related assets. Asset lives used in the calculation of depreciation are as follows:

Buildings and Improvements	33 ½ years
Office Equipment	5 years
Furniture and Fixtures	10 years
Telephone System	10 years
Computers	3 years
Vehicles	3 years

Estimates and Uncertainties

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Association is a governmental unit as described in Section 170(c) (1) of the Internal Revenue Code and in accordance with Section 115 of the Code, is not subject to income taxes.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(2) <u>CASH – RESTRICTED</u>

The Association's cash restricted accounts consisted of the following at June 30:

	<u>2018</u>	<u>2017</u>
Self-Funded Unemployment Benefits Trust – ACES	\$ 0 72,371	\$ 41,521 4,042
	\$72,371	\$ 45,563

The Self-Funded Unemployment Benefits account was no longer considered necessary and was transferred to the Association's operating account and is reflected in Cash and Cash Equivalents – Unrestricted.

(3) <u>INVESTMENTS</u>

At June 30, 2018 and 2017, the Association's cash was invested in a money market and interest bearing account.

(4) <u>DESIGNATED NET POSITION</u>

The Association has designated certain funds as restricted by the board.

The Strategic Plan Fund received a transfer of \$300,000, which was approved by the Board of Directors in May 2015 to cover the expenses of implementing elements of the 2015-2017 strategic plan. This fund spent \$87,618 for a mobile advocacy tool, additional web redesign and most of the remaining funds for new computer switches during 2016-2017. The remaining balance of \$5,747 was spent during 2017-2018 on new computer switches.

The Building Fund was established to provide the resources to pay for the renovation of the Trenton, NJ headquarters. At the May 2017 Board of Directors meeting, the board unanimously approved a transfer from surplus of \$225,000 to replace the chiller, which was not replaced during the renovation of the headquarters in 2010. During 2017-2018, we spent \$181,648 for the chiller, \$7,228 for computer switches, and \$22,153 for a new copier, leaving a balance of \$54,663. \$6,600 was spent in the previous year for the chiller.

The Board of Directors approved a one-time expenditure not to exceed \$500,000 from the free balance to a Future Ready Technology Fund to replace/upgrade elements of the Association's technological infrastructure. The Association transferred \$400,000 to the Fund, and during the year used it to replace our desktop and laptop computers. We also purchased software and printers, leaving a balance of \$242,799.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(5) PROPERTY AND EQUIPMENT - GROSS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(6) PENSION AND OTHER DEFERRED COMPENSATION PLANS

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System was established in January 1955 under the provisions of N.J.S.A. 43:15A to provide coverage to substantially all full time employees of the State or any county, municipality, school board or public agency provided the employee is not a member of another state-administered retirement system.

Recent legislation has changed the enrollment and retirement criteria for PERS members enrolled as of certain dates and defined them as tiers in the following manner:

Tier 1 – Members who were enrolled prior to July 1, 2007

Tier 2 – Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008

Tier 3 - Members who were eligible to enroll on or after November 2, 2008 and on or before May 21, 2010

Tier 4 - Members who were eligible to enroll after May 21, 2010 and before June 28, 2011

Tier 5 - Members who were eligible to enroll on or after June 28, 2011

The retirement age requirement for PERS members is age 60 for Tier 1 and Tier 2 members, age 62 for Tier 3 and Tier 4 members, and age 65 for Tier 5 members. The formula to calculate the maximum annual pension for Tier 1, Tier 2, and Tier 3 is:

Years of Service	X Final	Annual		
55		Average	=	Retirement
		Salary		Allowance

The formula to calculate the maximum annual pension for Tier 4 and Tier 5 is:

Years of Service	X Final	Annual		
60		Average	=	Retirement
		Salary		Allowance

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(6) PENSION AND OTHER DEFERRED COMPENSATION PLANS (CONTINUED)

Public Employees' Retirement System (PERS) (Continued)

Final Average Salary for Tier 1, Tier 2, and Tier 3 members means the average salary for the 36 months immediately preceding retirement. For Tier 4 and Tier 5 members the Final Average Salary is the average of their salary for the last 60 months immediately preceding retirement.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information for PERS. The financial report may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

Funding Policy for PERS

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by legislation. Chapter 78, P.L. 2011 provided for an increase in the employee contribution rates: from 5.5 percent to 6.5 percent plus an additional 1 percent phased-in over seven years beginning in the first year, meaning after 12 months, after the bill's effective date for PERS which was June 28, 2011. PERS provides for employee contributions of above mentioned percentages of employees' annual compensation, as defined. The Association is required to contribute at an actuarially determined rate to PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums.

The Association made contributions of \$690,788 and \$621,981 to PERS for the fiscal years ended June 30, 2018 and 2017, respectively.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(6) PENSION AND OTHER DEFERRED COMPENSATION PLANS (CONTINUED)

Deferred Compensation Plan

The Association's deferred compensation program is offered to all Association employees. The program was created in accordance with Sections 403(b) and 457 of the Internal Revenue Code. The program is offered by the Association through two program administrators, The Variable Annuity Life Insurance Company ("VALIC") and The Metropolitan Life Insurance Company ("Metlife"). Amounts deferred under this plan are to be held for the exclusive benefit of participating employees and are not accessible by the Association or its creditors.

The Association has a Deferred Compensation Plan pursuant to Section 403(b) of the Internal Revenue Code. The Association does not contribute to the Plan. All amounts deferred under the 403(b) plan are the property of the employee.

(7) ACCOUNTING AND FINANCIAL REPORTING FOR PENSION – GASB 68

The Governmental Accounting Standards Board (GASB) has issued Statement No. 68 "Accounting and Financial Reporting for Public Employees Pensions" which requires the State of New Jersey to calculate and allocate, for note disclosure purposes only, the unfunded net pension liability of Public Employees Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) of the participating local unit as of June 30, 2018. The statement does not alter the amounts of funds that must be budgeted for pension payments under existing state law.

Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, any unfunded net pension liability of the municipality, allocated by the State of New Jersey, is not required to be reported in the financial statements as presented and any pension contributions required to be paid are raised in that year's budget and no liability is accrued at June 30, 2018.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(7) ACCOUNTING AND FINANCIAL REPORTING FOR PENSION – GASB 68

Public Employees Retirement System (PERS) (Continued)

At June 30, 2017, the State reported a net pension liability of \$17,043,915 for the Association's proportionate share of the total net pension liability. The total pension liability for the June 30, 2017 measurement date was determined by an actuarial valuation as of July 1, 2016, which was rolled forward to June 30, 2017. The Association's proportion of the net pension liability was based on a projection of the Association's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2017, the Association's proportion was 0.0732177222 percent, which was an increase of 0.0037706354 percent from its proportion measured as of June 30, 2016.

For the year ended June 30, 2017, the State recognized an actuarially determined pension expense of \$1,229,348 for the Association's proportionate share of the total pension expense. The pension expense recognized in the Association's financial statement based on the April 1, 2018 billing was \$678,284.

At June 30, 2017, the State reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Inflow of	Deferred Outflow of
Differences between expected and actual experience	Resources	Resources \$ 401,325
Changes of assumptions	\$3,421,173	3,433,762
Net difference between projected and actual earnings on pension plan investments		116,058
Changes in proportion and differences between Association contributions and proportionate share of contributions	248,150	1,355,314
	\$3,669,323	\$5,306,459

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(7) ACCOUNTING AND FINANCIAL REPORTING FOR PENSION – GASB 68

Public Employees Retirement System (PERS) (Continued)

Other local amounts reported by the State as the Association's proportionate share of deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the State's actuarially calculated pension expense as follows:

Year Ended		
<u>June 30,</u>	<u>Amount</u>	
2018	\$669,577	
2019	844,553	
2020	647,699	
2021	(261,352)	
2022	(263,341)	
_	\$1,637,136	

Actuarial Assumptions

The total pension liability for the June 30, 2017 measurement date was determined by an actuarial valuation as of July 1, 2016, which rolled forward to June 30, 2017. These actuarial valuations used the following assumptions:

	June 30, 2017	June 30, 2016
Inflation Salary Increases (based on age)	2.25 Percent	3.08 Percent
Though 2026 Thereafter	1.65-4.15 Percent 2.65-5.15 Percent	1.65-4.15 Percent 2.65-5.15 Percent
Investment Rate of Return	7.00 Percent	7.65 percent

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(7) <u>ACCOUNTING AND FINANCIAL REPORTING FOR PENSION – GASB 68</u>

Public Employees Retirement System (PERS) (Continued)

Actuarial Assumptions (Continued)

Preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Postretirement morality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017 and 7.65 at June 30, 2016) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

Public Employees Retirement System (PERS) (Continued)

Long-Term Rate of Return

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2017 are summarized in the following table:

_	June 30, 2017		
		Long-Term	
	Target	Expected Real	
Asset Class	<u>Allocation</u>	Rate of Return	
Absolute return/risk mitigation	5.00%	5.51%	
Cash	5.50%	1.00%	
US Treasuries	3.00%	1.87%	
Investment Grade Credit	10.00%	3.78%	
Public High Yield	2.50%	6.82%	
Global Diversified Credit	5.00%	7.10%	
Credit oriented hedge funds	1.00%	6.60%	
Debt related private equity	2.00%	10.63%	
Debt related real estate	1.00%	6.61%	
Private Real Estate	2.50%	11.83%	
Equity related real estate	6.25%	9.23%	
U.S. Equity	30.00%	8.19%	
Non-U.S. developed market equity	11.50%	9.00%	
Emerging markets equity	6.50%	11.64%

(7) ACCOUNTING AND FINANCIAL REPORTING FOR PENSION – GASB 68

Public Employees Retirement System (PERS) (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 5.00% and 3.98% as of June 30, 2017 and 2016, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00% and 7.65%, and a municipal bond rate of 3.58% and 2.85% as of June 30, 2017 and 2016, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 40% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040 and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2017 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1- percentage point higher than the current rate:

_	June 30, 2017			
	1%	At Current	1%	
	Decrease 4.00%	Discount Rate 5.00%	Increase <u>6.00%</u>	
Association's proportionate share				
of the pension liability	\$21,144,134	\$17,043,915	\$13,627,925	

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS). The report may be obtained at State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 http://www.state.nj.us/treasury/pensions.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(8) EMPLOYEE HEALTH INSURANCE

Contributions by Employees

The Association staff members contribute from 10 percent to 35 percent of the total premium cost. In the same law (Chapter 78, P.L. 2011) referred to above in the Funding Policy for PERS section, health care contributions are incrementally changing over time, effective June 28, 2011. This change is determined by type of coverage: single, family, member/spouse/partner/child coverage, and by salary.

In 2018 and 2017, the Association paid \$959,651 and \$995,931 for staff health care premiums. This was offset by contributions of \$228,369 and \$234,914, or 23.8 percent and 23.6 percent, respectively.

(9) POST RETIREMENT HEALTH INSURANCE

The Association provides post-retirement health benefits to employees who retired with 25 years or more of service within the system by December 1, 2001. Employees with ten (10) or more years of service may also qualify for benefits under the Disability Retirement Provisions of the Plan. Currently eleven retirees meet this requirement and are receiving benefits. In addition, one current employee is eligible upon their retirement.

Plan Description

The Association contributes to the State Health Benefits Program (SHBP), a cost sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq. to provide health benefits to State employees, retirees, and their dependents. The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents. The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at http://www.state.nj.us/treasury/pensions.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(9) POST RETIREMENT HEALTH INSURANCE (CONTINUED)

Funding Policy

Contributions to pay for the health premiums of participating employees in the SHBP are billed to the Association on a monthly basis. Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. In accordance with Chapter 62, P.L. 1994, post-retirement medical benefits have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis. The Association's contributions to the SHBP for the years ended June 30, 2018 and 2017 were \$111,122 and \$115,845, respectively, which equaled the required contributions for each year. Additionally, the Association reimbursed eleven retirees in 2018 and ten in 2017 for Part B Federal Medicare premiums, for a cost of \$21,300 and \$17,649 for the years ended June 30, 2018 and 2017, respectively.

(10) LEASES

Operating Leases

The Association currently leases various equipment under non-cancelable operating lease agreements expiring on various dates through June 30, 2021. Future minimum lease payments under all non-cancelable operating leases as of June 30, 2018 are as follows:

Amounte

Year Ending:	Amounts
2019	39,402
2020	39,402
Thereafter	16,321
Total	\$95.125

Total rent expenses, inclusive of usage charges on leased equipment, included as a charge to operations amounted to \$40,621 and \$31,052 in 2018 and 2017, respectively.

(11) RELATED ORGANIZATION

The Electric Discount and Energy Competition Act of 1999 designated the New Jersey School Boards Association ("NJSBA") as a "governmental aggregator" for school district purchasing of deregulated electricity and gas. The New Jersey School Boards Association, the New Jersey Association of School Business Officials ("NJASBO"), and the New Jersey Association of School Administrators ("NJASA") signed a formal agreement to co-sponsor the Alliance for Competitive Energy Services, ("ACES") for local school district joint purchasing of electricity and other energy services on the open market. Because of the legal designation of "governmental aggregator", NJSBA is prohibited from realizing excess revenues in its role as a sponsor of ACES. The financial records of ACES are maintained on a calendar-year basis and are subject to independent audit.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2018 AND 2017

(11) RELATED ORGANIZATION (CONTINUED)

Gable Associates of Highland Park, New Jersey, an energy environmental and public utility consulting firm, is under contract to perform the administrative functions of ACES. All fees due to Gable Associates are contingent upon the successful performance of the Alliance in securing and delivering discounted energy.

The NJSBA, NJASBO, and NJASA formed a Trust that agreed to share equally the direct administrative costs and expenses that were incurred by ACES during the startup process.

(12) <u>USE OF SURPLUS</u>

At the May 15, 2015 Board of Directors meeting, \$300,000 of surplus was authorized to cover the expenses of implementing elements of the 2015-2017 Strategic Plan. During 2016-2017, \$87,618 was spent on a mobile advocacy tool, web redesign and new computer switches. The remainder of \$5,747 was also spent on computer switches from this fund during 2018. Additionally, in May 2017 the Board of Directors approved a transfer of surplus of \$225,000 to the Board Designated Fund for the replacement of the chiller at the Association's headquarters in Trenton. The chiller was installed in November 2017 and as of June 30, 2018; \$181,648 of the remaining balance of the Building Fund was spent for this purpose. We also purchased a new copier from this fund. In November 2017, the Board of Directors allowed a one-time expenditure not to exceed \$500,000 to replace/upgrade elements of the technological infrastructure. \$400,000 was transferred to the Future Ready Technology Fund from the free balance. The majority of the money spent from this fund was for new desktop and laptop computers, printers, and software. The balance in this Fund at June 30, 2018 is \$242,799.

(13) COMMITMENTS AND CONTINGENCIES

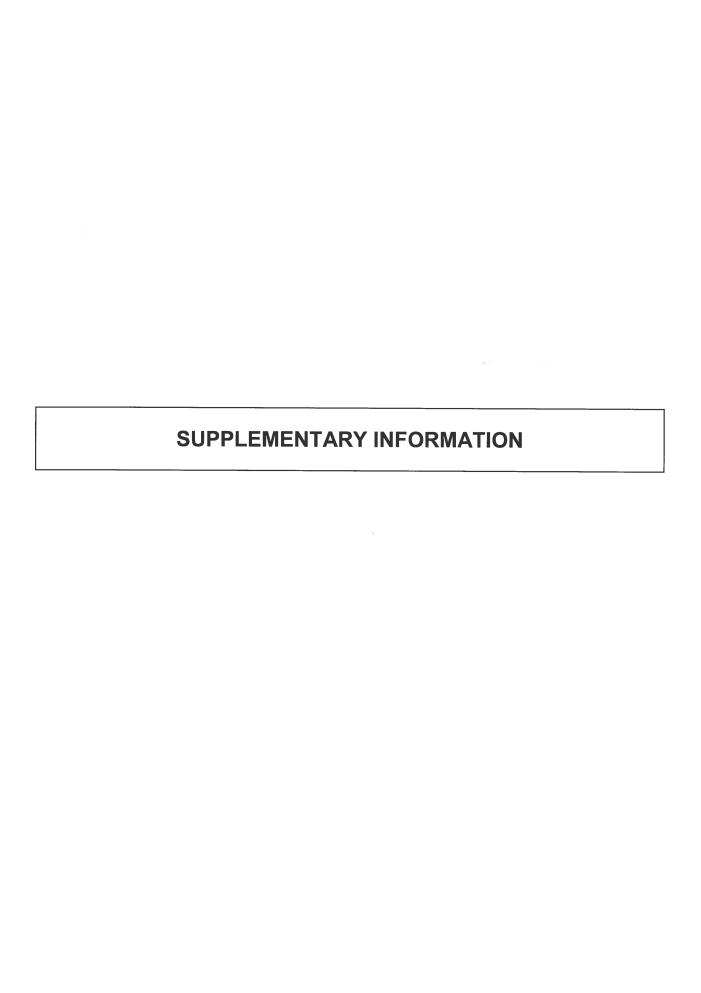

In the opinion of management, claims or lawsuits incidental to the business of the Association have been adequately provided for in the financial statements.

(14) FUTURE COMMITMENTS

The Association has entered into various contracts with vendors and facilities for workshops and conferences extending into the future. The values of these contracts at June 30, 2018 are \$647,950.

(15) SUBSEQUENT EVENTS

The Association has evaluated subsequent events occurring after the financial statement date through September 14, 2018, which is the date the financial statements were available to be issued. Based on this evaluation, the Association has determined that no subsequent events have occurred which require disclosure in the financial statements.

NEW JERSEY SCHOOL BOARDS ASSOCIATION SCHEDULES RELATED TO ACCOUNTING AND REPORTING FOR PENSION (GASB 68) NOTE TO RSI III FOR THE YEAR ENDED JUNE 30, 2018

PUBLIC EMPLOYEES RETIREMENT SYSTEM (PERS)

Change in benefit terms

None

Change in assumptions

The calculation of the discount rate used to measure the total pension liability is dependent upon the long-term expected rate of return, and the municipal bond index rate. There was a change in the municipal bond index rate from the prior measurement date (2.85%) to the current measurement date (3.58%), resulting in a change in the discount rate from 3.98% to 5.00%. This change in the discount rate is considered to be a change in actuarial assumptions under GASB No. 68.
