DUES**

Dues Structure

The NJSBA funding plan is designed to be equitable, capable of sustaining current and future Association services, flexible enough to change with economic conditions, and easy to administer.

To this end, on an annual basis, the NJSBA Finance Committee shall recommend to the Board of Directors, an Association budget for each fiscal year which shall include a recommendation of a multiplier for the dues formula necessary to provide a sufficient level of support for Association services. The Finance Committee, in making its budget and dues recommendations shall consider the services and assistance members require from the Association, statewide economic conditions, and constraints on local district spending.

The Board of Directors shall review the Finance Committee's recommended budget, amend as appropriate, and adopt an Association budget for the coming fiscal year, including a dues increase if necessary to provide a sufficient level of support for Association services.
