GOVERNANCE PROCEDURES  
MEETINGS OF DELEGATES

Structure of Delegate Assembly

"NJSBA believes that the present statutory authority establishing an Association whose members are all boards of education of the various school districts in this state, and further requiring representation from each member board as a Delegate to the Association, is a fair and equitable means of representation. We further believe that any other basis for representation that does not ensure a vote in the governance and operation of the Association to every board of education of every school district in this state, does not meet legislative intent, nor does it provide the mechanism for ensuring that the Association is able to address the individual and common needs of all boards of education."
